

Aug. 11<sup>th</sup>, 2025

Dear partners,

Weintek hereby announces the end-of-life for the following model.

<b>E.O.L Model</b>	<b>Last Order/Shipment Date</b>
<b>cMT-G03</b>	Please contact your sales representative.

Weintek is committed to advancing HMI technology to provide feature-rich, user-friendly, and high-performance products and solutions that simplify control system integration.

After years on the market, the specifications and functions of the cMT-G03 can no longer meet industry needs. In addition, some of its components are being phased out. As a result, Weintek has decided to discontinue its production and focus on products that better align with today's market trends.

We sincerely thank you for your understanding and apologize for any inconvenience you may encounter due to the E.O.L of the affected product, and by this early notice we hope to minimize any inconvenience that this might cause. If you have any questions regarding this E.O.L announcement, please feel free to contact our sales team. Thank you very much.
