

Jan. 21st, 2026

Dear partners,

Weintek hereby announces the end-of-life for the following model.

E.O.L Model	Last Order Date	Last Shipment Date	Recommended Replacement Model
cMT3072X2	Apr. 15 th , 2026	July 15 th , 2026	cMT3072XH2

After years on the market, the cMT3072X2 no longer meets current market requirements. Weintek will discontinue this model and recommend upgrading to the cMT3072XH2, which shares the same panel cutout. The cMT3072XH2 features a higher-resolution 7-inch wide-viewing-angle (WVA) display and supports CAN Bus, providing greater flexibility for system integration.

Here are spec comparisons between these two models:

	E.O.L Model cMT3072X2	Recommended Replacement cMT3072XH2
Display	7" TFT	7" WVA
Resolution	800 × 480	1024 × 600
CAN Bus	N/A	Yes
Dimensions W×H×D	200.3 × 146.3 × 35.0 mm	
Panel Cutout	192 × 138 mm	
Certification	CE marked cULus Listed	

We sincerely thank you for your understanding and apologize for any inconvenience you may encounter due to the E.O.L of the affected product, and by this early notice we hope to minimize any inconvenience that this might cause. If you have any questions regarding this E.O.L announcement, please feel free to contact our sales representative. Thank you very much.
